

This planogram pack includes everything you need to establish your garden center as a “go-to” destination for classic red clay flower pots. The simple look of red clay has been embraced by houseplant and succulent enthusiasts, and will drive your pottery revenue throughout the year.

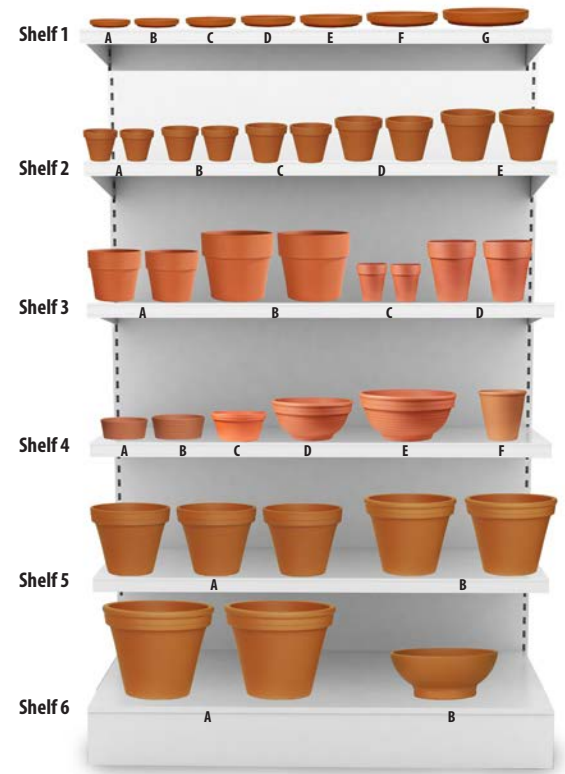

This assortment includes 620 pieces of our most popular shapes and sizes (ranging from 2.75” diameter to 12.25” diameter) of these German-made classics, and is designed to fit on a standard 4’ gondola shelving unit with backstock for some of the more popular items. The diagram at right shows a single pot of each style for clarity, but when building the display for retail, we recommend stacking the pots. All items are available for re-order on an open-stock basis.

These planograms are offered year-round, and may be purchased on our website by scanning the code at right.

Please note that planograms are not part of the direct pallet program, and do not qualify for or count towards the discounting included in that program.

As the houseplant craze has taken off over the past few years, our white-marbled “Granite” and dark-marbled “Basalt” clays have become favorites among houseplant fanatics. These unique clays are crafted in Germany, and feature subtle shades that perfectly complement houseplant foliage.

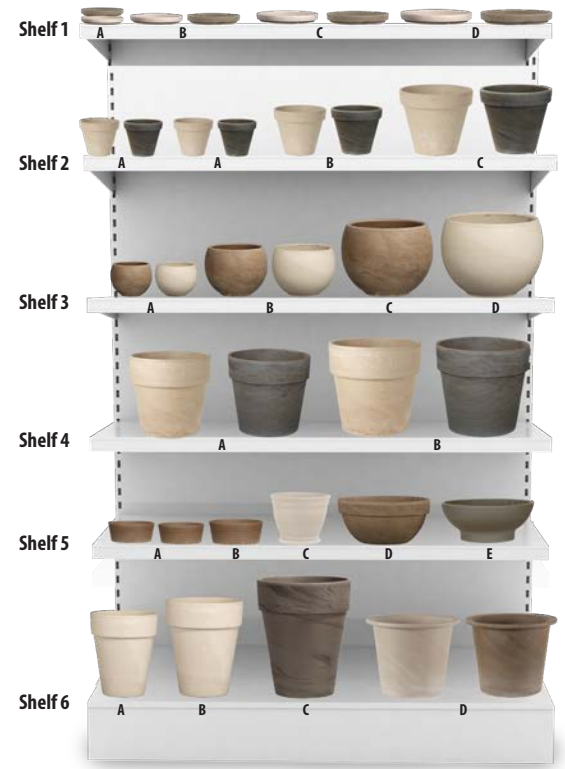

This configuration includes 554 pieces of our most popular shapes and sizes (ranging from 4.5” diameter to 12” diameter) of these unique pots and saucers, and is designed to fit on a standard 4’ gondola shelving unit with backstock for some of the more popular items. The diagram at right shows a single pot of each style for clarity, but when building the display for retail, we recommend stacking the pots. All items are available for re-order on an open-stock basis.

These planograms are offered year-round, and may be purchased on our website by scanning the code at right.

Please note that planograms are not part of the direct pallet program, and do not qualify for or count towards the discounting included in that program.

If you close your eyes and imagine a “flower pot”, the image that comes to mind is of the classic clay “Standard Pot”. These terra cotta planters have been the industry standard for decades, and are enjoying a trendy renaissance as the simple shape and muted colors are being embraced by a new generation of “plant parents” and collectors.

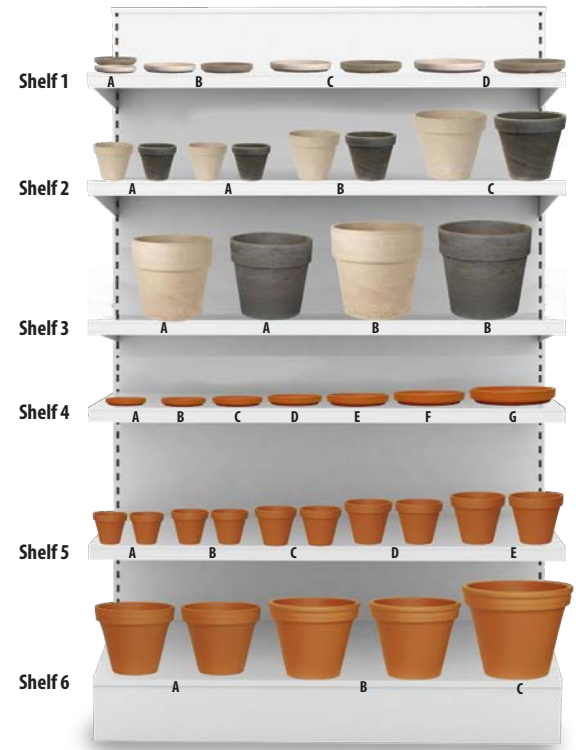

This configuration includes 889 clay flower pots and saucers, ranging in size from 3” diameter to 12.25” diameter. This collection is intended to fit on a standard 4’ gondola shelving unit with backstock for some of the more popular items. The diagram at right shows a single pot of each style for clarity, but when building the display for retail, we recommend stacking the pots.

These planograms are offered year-round, and may be purchased on our website by scanning the code at right.

Please note that planograms are not part of the direct pallet program, and do not qualify for or count towards the discounting included in that program.

For many houseplant enthusiasts, the entry point to their collections are succulents and cacti. These hardy plants continue to drive sales in a variety of plant shop settings, which has resulted in this much-requested planogram configuration.

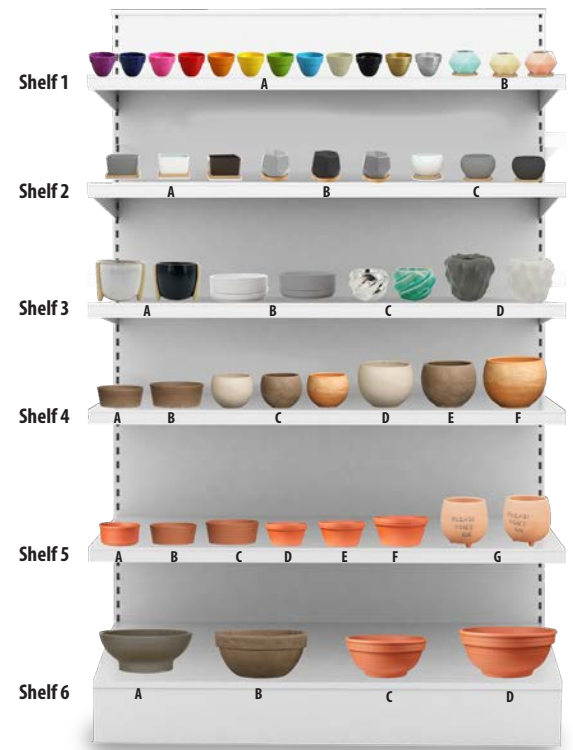

This set-up includes 513 pieces of our most popular shapes and sizes for succulents and cacti (pot sizes range from 2.75" diameter to 10.5" diameter), featuring small pots and low profiles, and is designed to fit on a standard 4' gondola shelving unit with backstock for some of the more popular items. The diagram at right shows a single pot of each style for clarity, but when building the display for retail, we recommend stacking the pots. All items are available for re-order on an open-stock basis.

These planograms are offered year-round, and may be purchased on our website by scanning the code at right.

Please note that planograms are not part of the direct pallet program, and do not qualify for or count towards the discounting included in that program.

If your garden center isn't stocking our powder-coated "Standard" flower pots and saucers, you're missing out on the full Ceramo experience. These boldly-colored classic planters have become one of our signature items, and are a smash hit in a wide variety of retail settings.

While we carry a wider range of these pots than any other pottery distributor (almost 25 colors! [Click here to see them all](#)), this planogram collection includes 10 of our most top-selling colors and our most essential shapes and sizes.

This planogram includes 276 flower pots and 180 saucers, including our 2.75" Levante Pot, and the timeless Standard Pot in 4.5", 6.5", & 8.5" diameters. The Standard Pots are packed with saucers to match, while the small Levante pots are not, as they do not have drainage holes.

This assortment is intended to pack on a standard 48" gondola shelving unit. We recommend stacking pots on top of saucers of the same size & color to best fit the shelving (as shown in the diagram).

These planograms are offered year-round, and all items may be re-ordered on an open-stock basis as needed.

Please note that planograms are not part of the direct pallet program, and do not qualify for or count towards the discounting included in that program.
